September 30, 2015

To the Honorable St. Charles City Council,

In accordance with my responsibilities as Mayor under City Charter, I am submitting for your consideration the 2016 Municipal Operating Budget. Even though there are many continuing challenges facing our City and the local economy, I am pleased to present to you a balanced budget for next year. As in prior years, much discussion and many decisions had to be made to balance this budget. We have a duty to our citizens to provide them with the most effective and efficient level of services with the funds we have available. I believe my proposed budget meets this challenge.

#### **2016 Budget**

In 2015, the citywide budget totaled \$115,100,047. The total budget proposed for 2016 is \$121,012,504. The 2016 Budget includes a General Fund budget of \$39,993,949, compared to 2015 estimated expenditures of \$38,808,575. This is an increase of 3.0% which is attributed to the normal increase in personnel and professional services.

The 2016 Proposed Budget also includes a combined water and sewer budget of \$26,705,485, compared to estimated 2015 expenditures of \$28,173,260. The decrease is the result of completion of sewer line improvements, offset by additional staff requested to be split between Water, Sewer and Street funds.

We are proposing a Street Fund budget of \$7,509,293, compared to estimated 2015 expenditures of \$6,770,001. The increase of \$739,292 is attributable, in part, to additional street crews proposed to be split between Water, Sewer and Street funds. Increased budget for concrete and salt is included due to the higher costs of those supplies.

#### **General Fund Budget Overview**

The General Fund is arguably the most important spending plan within the overall budget, as it includes the bulk of the expenditures associated with operating our City. As you are all aware, in 2009 the City began recognizing the effects of the economic downturn and started utilizing fund reserves to cover annual shortfalls. This continued in 2010 and in 2011. In 2012 & 2013, reductions in expenditures, other than personnel, were made in order to prevent another

drawdown. In 2014, a Voluntary Retirement Incentive Program (VRIP) was implemented which resulted in significant cost savings to the City.

After careful review with the Interim Director of Administration and Interim Director of Finance, I am very comfortable with the projections used in developing the 2016 Proposed Budget and the Forecast for future years. However, we will have to monitor receipts, trends and forecasts as we progress through the year in 2016.

#### **General Fund Budget Highlights**

Listed below are some of the highlights of the 2016 spending proposal:

- As we continue to safeguard core services, including Police, Fire, Streets, Water and Sewer, let me point out that the City's public safety (Police & Fire) activities comprise about 74% of the General Fund budget. Gaming revenue continues to contribute substantial support for these services, which I will address later in this letter as an action item for the future.
- Personnel costs continue to be the City's largest expenditure. At this time, the City employs nearly 450 full-time employees (FTE) with about 85% of the General Fund budget dedicated to personnel services. The value of these services (e.g. wages, benefits, pension, etc.) in the 2016 Budget totals \$34,050,065.
- Department Directors have been asked each year to evaluate their staffing needs and reorganize their department as needed to ensure that their human capital is being utilized in an efficient and effective manner. We must continue to evaluate the strengths of our existing employees and carefully analyze when new staff might need to be added. Requested staffing additions and changes are included in this budget to allow requesting Directors to outline their vision of department structure and to discuss the value they believe these changes add to the City as a whole.
- Once again in 2016, we will be able to honor our collective bargaining agreements currently in place and have budgeted accordingly. We have also funded a 1% cost of living increase for non-represented employees. Cost of living increases for this group have not been provided since 2009. Additionally, we have funded step increases for employees hired before 1/1/2014 and a 1.5% stipend for those who are topped out within their salary grade, which is consistent with the 2015 budget. Finally, I have funded the merit pool for department directors. With respect to pay for performance for our directors, the 2015 Budget contained a merit pool of 2% with a maximum increase of 2%. I am recommending the same for 2016.
- In 2015, the goal of completing performance evaluations for all employees was accomplished. These evaluations were used to determine merit increases for those non-represented employees not on steps (hired after 1/1/2014). We have funded estimated merit increases of 2.5% for these employees in 2016. The performance evaluations were also a tool to initiate better communication between staff and their supervisors. This was

an important step in moving toward a merit system for performance and moving away from the automatic step increases that have been the norm for many years.

• As you are aware, the City participates in the Missouri Local Government Employees Retirement System (LAGERS), which is a defined benefit pension plan. The City's full-time employees do not contribute to the pension plan. The City contributes 100% of the cost of employee's pension. LAGERS contribution expected rate changes from 2015 to 2016 are as follows:

	<u>2016</u>	<u>2015</u>
General Employees	13.9%	15.1%
Police Employees	15.4%	15.7%
Fire Employees	10.6%	13.5%

• With regard to health benefits, I am recommending no change in plan design (deductibles and co-pay amounts), and no increase in employee paid premiums for 2016. This decision is based on the current sustainability of the Health Insurance Funds with existing employee contributions. I feel that we need to provide stability to our human capital for the 2016 budget year.

#### Water and Sewer Funds

The 2016 Budget incorporates the first year of a five-year rate increase plan that has been brought before Council for approval. Additional discussions will occur and decisions will be made regarding this next round of rate increases needed to support operations and debt-service. The 2016 Budget recognizes many infrastructure projects currently underway such as maintenance and renovation of water storage tanks, meter reader upgrades and alarm monitoring for the lift stations.

#### Street Funding

The Council has suggested that street repair be a top priority of the City. I agree that this is important to our residents and therefore will continue to work with Public Works and Administration to provide increased levels of funding for this important need. Long term goals will continue increasing street budgets on an on-going basis. Major projects currently underway include the 5<sup>th</sup> Street Gateway, First Capitol enhancements, Droste Road reconstruction, and flashing yellow arrow improvements.

#### Future Revenue Trends and Action Items

Gaming revenue is trending on a steady pace from anticipated total receipts for 2015. At this point in time we expect to end the year approximately \$280,000 below budget. While we are not seeing significant growth in gaming revenues, we are seeing a small upturn in 2015 to date revenues of 0.5% over 2014 and we are cautiously anticipating the steady trend to continue. While this growth is not substantial, other dock cities in the state are experiencing challenges with gaming revenue.

In 2014, Council passed a resolution to begin to limit the use of gaming revenue for general operations. Since passage of this resolution, the percentage of gaming revenue used for general operations has generally been held to 65% or less. I would like to discuss the next steps to continue to bring this percentage towards my goal of 50%.

Many projects are already underway that demonstrate how vibrant this City continues to be. The 5<sup>th</sup> Street Gateway project, continued growth in the Streets of St. Charles and University Commons, and the soon to be started diverging diamond interchange are just a few examples of our desire to continue to make St. Charles a place where people want to shop, play and live.

My main focus of this and all future spending plans is to be balanced, sustainable and transparent. As discussed earlier, while certain economic indicators have improved, the turnaround is slower than anticipated. My concern, as always, is to ensure that we are providing necessary services and maintain the high standards that St. Charles residents have come to expect.

While we have identified a long-term plan to keep our revenue and expenditures in line, we will need to continue monitoring our activity closely. This situation makes me point out the need for elected officials to continue being cautious with operating expenses.

#### Acknowledgements

When I decided to run for office, I laid out the challenge of providing the community with more transparency in government; primarily where our money comes from and how the money is spent. Department Directors are empowered to manage their own budgets with oversight by Administration. This creates accountability and a responsibility to carefully prioritize how tax payer dollars are spent. I would be remiss if I did not mention the dedication and hard work of the City Council. We, as elected officials, need to continue to dedicate the time necessary to discuss what's really important for the community and determine what we can afford and how to pay for it.

Our citizens have set very high standards and expectations of local government. Therefore while we may differ on specific ideas, our values are the same...what is best for St. Charles both personally and collectively. My budget proposal is a reflection of these diverse ideas while keeping with providing our community the highest and best public services.

Let me close by thanking the Interim Director of Administration, the Interim Director of Finance and her team, Department Directors and senior staff for all the hard work on this next year's budget. I appreciate everyone stepping up to the plate and understanding the needs of the City. The Administration looks forward to discussing the plan with you.

Respectfully Submitted,

Sally A. Faith

# City of St. Charles, Missouri Demographic and Statistical Data

The City of St. Charles was incorporated in 1809 and covers approximately 24.7 square miles in suburban St. Charles County. The City served as the first Missouri state capitol from 1821 to 1826. The residential population is approximately 68,000 which that, along with businesses, continue to grow each day. The City is a thriving residential and business community in addition to being a historical tourist attraction which is the largest historic district in Missouri.

Centered in the Midwest's richest markets, St. Charles is one of the largest cities in the St. Louis region. It is located within minutes of highways: I-70, I-270, Hwy 370, Hwy 94, US 40/64, I-44, and I-55. It is also only 10 minutes from Lambert St. Louis International Airport. A network of other roadways serves the community providing access to work, schools, churches, shopping, restaurants, and venues such as the Family Arena, Ameristar Casino, and St. Charles Convention Center. Also, new to the area is the Streets of St. Charles; this newly developed area contains a variety of businesses including restaurants, entertainment, housing, and night life.

The City is served by three AAA School Districts: St. Charles, Francis Howell, and Orchard Farm and includes first class private schools and is home to Lindenwood University. The University Commons development is in process and located adjacent to Lindenwood University. This includes a Schnucks and other retail stores to open soon.

The St. Charles Parks and Recreation Department has 23 parks comprised of over 800 acres including: a dog park, aquatic parks, playgrounds, hiking and biking trails, picnicking, tennis and volleyball courts, and gardens. The first park, then known as the St. Charles County Fair Grounds, was said to be born on September 26, 1914. Now known as Blanchette Park, it was officially purchased on December 2, 1914 for \$78,920.

The libraries serving the City of St. Charles are the Kathryn Linnemann Library and McClay Library.

The St. Charles City Police Department currently has three K-9 dogs: Nitro, Duke, and Phoenix and two mounted unit horses: Lilly and Judge.

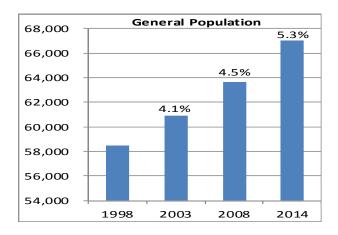

The St. Charles Fire Department has a total of five fire houses which includes the newly built fire house #4 that was completed in 2014.

#### **Budget Summary-City as a Whole**

The total appropriation budget for all funds for 2016 is \$122,163,443. This represents a net increase of \$7,063,396 from the 2015 Adopted Budget. The core operating budget increased \$673,988, or 0.9% above the prior year, capital outlay increased \$5,598,399 and debt service decreased \$536,888. The majority of the increase is for several capital projects that have been added using matching bond funds. The additional increase is due to the normal increase in personnel and transfers out from Gaming revenue to Reserves for future capital projects.

	 2016	 2015	 2014
Revenues:	\$ 119,905,008	\$ 111,421,971	\$ 108,206,115
Expenditures:			
Operating Expenditures	\$ 79,756,105	\$ 79,082,117	\$ 78,502,512

Total Appropriations	\$ 122,163,443	\$ 115,100,047	\$ 115,734,576

#### **General Fund - Overall Stats:**

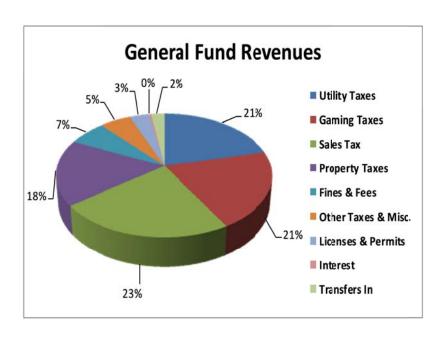

Below is a recap of the General Fund highlights:

#### **General Fund - Revenues:**

	Adopted Budget	Proposed Budget	Increase/	%
	2015	2016	(Decrease)	<b>Change</b>
Total Revenue	\$39,833,775	\$41,264,388	\$ 1,430,613	3.6%

#### **General Fund Revenues**

Utility Taxes	\$ 8,740,184
Gaming Taxes	8,433,500
Sales Tax	9,494,155
Property Taxes	7,180,533
Fines & Fees	2,737,626
Other Taxes & Misc.	2,197,328
Licenses & Permits	1,372,393
Interest	158,000
Transfers In	950,669
Total	\$ 41,264,388

# Summary of changes in General Fund revenues from 2015 Adopted Budget to 2016 Proposed Budget:

Revenue:	Increase/ (Decrease)
Other Permits and Fees	(623,064)
Property taxes	(293,265)
Utility Tax (including cell phone)	(100,129)
Interest	(8,000)
Transfers	(1,066)
Licenses	32,817
Proceeds from sale of fixed assets	40,000
Cable Franchise Fee	83,679
Other	131,042
Life Support Vehicles (LSV)	230,764
Other Taxes	930,680
Sales Tax	1,007,155
Net increase in projected revenues	\$ 1,430,613

Total revenues within the General Fund are trending 1.4% above the 2015 Amended Budget and projected to increase by \$551,772. Highlighted below are comments regarding certain revenue sources.

- <u>Utility tax</u> Utilities as a whole are currently performing slightly below the 2015 budget. The following are the anticipated amounts above/below budget by type; Gas down \$58,000; Landline down \$5,000; Electric down \$78,000; Wireless down \$230,000. In 2016, utilities are budgeted at an overall increase of approximately 2.5% from 2015 estimated amounts.
- <u>Gaming revenue</u> Gaming revenue is allocated at \$8,433,500 for the General Fund. This revenue allocation to the General Fund reflects the same amount in 2012 2015. By capping the amount of gaming revenue utilized by the General Fund, it will become less reliant on these funds in future years assuming a steady increase in this source of revenue. This will result in more gaming revenue being available for capital projects and expenditures.
- <u>Sales tax</u> Sales tax is currently running 5.4% above prior year actual. The 2015 estimated sales tax amount assumes we will run approximately 5.0% above prior year for the remainder of the year.
- <u>Property taxes</u> Our 2015 tax rate for the General fund was set at \$.5280, which reflects a decrease from 2014. The City's assessed value increased from 2014 by 4.4%. The 2016 projected property tax revenue reflects an increase mainly due to new construction and anticipated resolution of protested taxes.

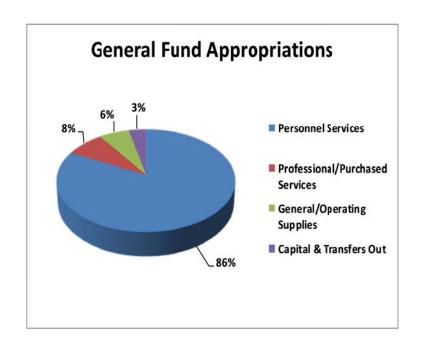

#### **General Fund - Expenditures:**

The General Fund accounts for 34% of all operating expenditures of the City:

	Original Budget	Proposed Budget	Increase/	%
	2015	2016	(Decrease)	Change
Total Expenditures	\$ 39,044,870	\$41,262,654	\$2,217,784	5.7%

#### General Fund Appropriations

Personnel Services	\$ 34,029,259
Professional/Purchased Services	3,289,535
General/Operating Supplies	2,520,379
Capital & Transfers Out	1,423,381
Total	\$ 41,262,654

#### **Use of Gaming Revenue:**

The 2016 revenue projection is \$12,751,250. Below is a breakdown of how gaming revenue will be distributed for 2016:

\$ 8,433,500	66.14%
522,500	4.10%
1,403,147	11.00%
2,197,103	17.23%
195,000	1.53%
\$ 12,751,250	100.00%
	522,500 1,403,147 2,197,103 195,000

#### **Major Capital Improvements Planned:**

The proposed 2016 Operating Budget incorporates the CIP plan of just under \$23,000,000. The CIP includes items such as roads, bridge maintenance, sidewalks, water and sewer utilities, drainage projects, recreational facilities, buildings, and equipment. The major funding sources include the capital improvement sales tax, gaming revenue, and water and sewer fees.

#### **Enterprise Funds:**

Water Works Fund 2015 estimated revenue is running 6.5% above the 2015 adopted budget. Sanitary Sewer Fund 2015 estimated revenue is running 5.7% above the 2015 adopted budget. These trends are expected to continue through the year end.

The projected 2016 budget includes the first year of a five year proposed rate increase plan, currently before City Council for approval. This plan also includes increases in salaries & wages and capital expenses.

#### **Debt Summary-City as a Whole:**

The City of St. Charles has the following debt issues outstanding: General Obligation Bonds (GO) 2013A 2013B 2015 Refunding 2006 Total General Obligation Debt	\$ 12,150,000 2,590,000 3,725,000 \$ 18,465,000

2021 and thereafter	105,135,000	48,670,985	153,805,985			
	\$138,175,000	\$76,845,393	\$215,020,393			
Total Requirements	\$195,495,000	\$90,096,249	\$285,591,249			

#### **Legal Debt Limit and Debt Margin:**

The State of Missouri authorizes cities to incur indebtedness in an amount up to 10% of the most amount recent assessed valuation. The following table sets forth the City's legal debt limit and debt margin based on 2014 certified assessed valuation:

	City Purposes <u>Basic Limit</u>
2014 Assessed Valuation	\$1,247,297,859
Debt limit – 10% of Assessed Valuation Less: General Obligation Bonds Add: Available for Debt Service Funds	\$ 124,729,786 (\$ 70,975,000) \$ 12,575,071
Legal Debt Margin	\$ 66,329,857

#### **Tax Increment Financing:**

The City has the following TIF notes outstanding:

				Estimated						Proj	jected			
	I	Balance @					Estima	ated Balance @					Pro	ojected Balance @
_	1	2/31/2014	Ad	ditions	Red	uctions	1	2/31/2015	Ad	ditions	Redu	ctions		12/31/2015
Elm Point-Lime Lagoon	\$	5,280,000	\$	-	\$	-	\$	5,280,000	\$	_	\$	-	\$	5,280,000
Mark Twain Mall		862,000		-	80	62,000	\$	-		-		-	\$	-
Fountain Lakes		7,100,000		-	98	89,415	\$	6,110,585		-	1,00	0,000	\$	5,110,585

#### **Basis of Accounting:**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide and enterprise and internal service fund financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; enterprise and fudiciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Under the accrual method, income is recorded in the period in which they are incurred. Modified accrual is the method under which revenues are recognized in the period they become available and measurable and expenditures are recognized in the period associated liability is incurred.

This page intentionally left blank.

#### **REVENUES:**

Significant revenue sources for the General Fund are highlighted below:

#### **Current Property & Surtax Revenue:**

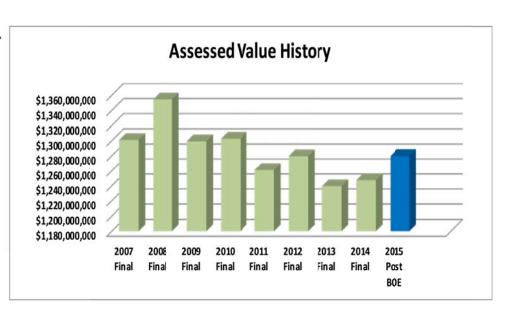

Our 2015 tax rate for the General fund was set at \$.5280, which reflects a decrease from 2014. The decrease is attributable to the approximately \$54 million increase in the assessed valuation. The 2016 projected property tax revenue reflects an increase mainly due to new construction and anticipated resolution of protested taxes. (Note: the increase in 2014 is City collections of \$2,110,488 in protested property taxes from Ameristar)

Revenue History:	
2007 Actual	\$ 6,193,301
2008 Actual	\$ 7,233,219
2009 Actual	\$ 6,172,364
2010 Actual	\$ 6,483,771
2011 Actual	\$ 6,079,124
2012 Actual	\$ 6,488,884
2013 Actual	\$ 6,521,571
2014 Actual	\$ 9,172,448
2015 Estimated	\$ 7,113,498
2016 Projected	\$ 7,180,533

Assessed value is obtained from the St. Charles County Assessor's office. The Assessor is responsible for establishing the fair market value of all property within St. Charles County. State law requires the Assessor to revalue all real property as of January 1<sup>st</sup> of every odd-numbered year.

	Assessed Value
Tax Rate History:	<b>History:</b>
2007 Final	\$ 1,301,003,527
2008 Final	\$ 1,354,519,785

2011 Final	\$ 1,260,891,114
2012 Final	\$ 1,279,542,578
2013 Final	\$ 1,239,362,171
2014 Final	\$ 1,247,297,859
2015 Post BOE	\$ 1,279,851,368

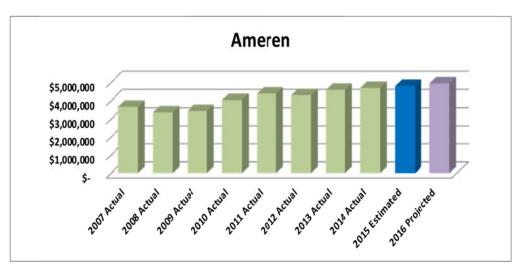

#### **Utility Tax:**

The Utility Tax is applied to the gross receipts related to commercial and domestic electricity, natural gas and telephone service, at a rate of 6.7%. This tax is extremely sensitive to utilization, which is in part affected by the weather. Additionally, this revenue source is impacted by customer growth and rate changes (increases or decreases). The primary utilities from which the tax is received are summarized below:

#### **Electric:**

2015 receipts from Ameren are estimated to be up 2.3% from 2014. There are no known rate increases for 2016. For 2016 we have budgeted a modest 3% increase from 2015 estimated revenue based on the unseasonably cool temperatures we experienced this past summer.

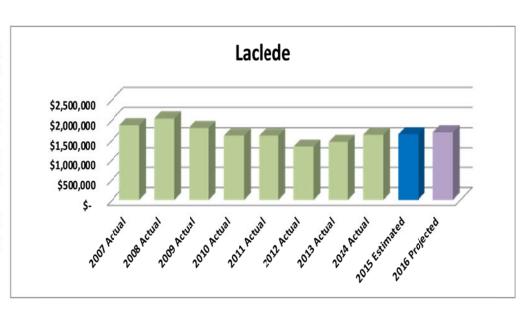

<b>Revenue History:</b>	
2007 Actual	\$ 3,672,037
2008 Actual	\$ 3,368,773
2009 Actual	\$ 3,443,064
2010 Actual	\$ 4,040,262
2011 Actual	\$ 4,393,385
2012 Actual	\$ 4,300,725
2013 Actual	\$ 4,595,209
2014 Actual	\$ 4,694,950
2015 Estimated	\$ 4,805,090
2016 Projected	\$ 4,949,243

#### Gas:

Laclede receipts tend to be more volatile, and are currently trending almost 1% above 2014. An increase of 3% over the 2015 estimate has been incorporated, for a 2016 budget of \$1,697,875.

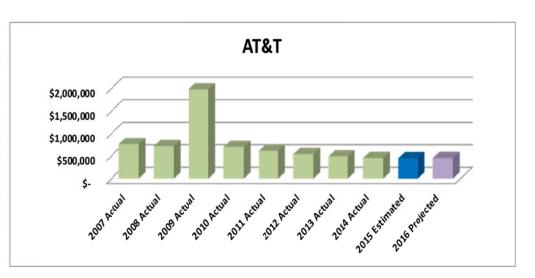

Revenue History:	
2007 Actual	\$ 1,872,382
2008 Actual	\$ 2,037,515
2009 Actual	\$ 1,804,325
2010 Actual	\$ 1,613,585
2011 Actual	\$ 1,615,677
2012 Actual	\$ 1,338,596
2013 Actual	\$ 1,455,476
2014 Actual	\$ 1,632,931
2015 Estimated	\$ 1,648,422
2016 Projected	\$ 1,697,875

#### **Phone (landlines):**

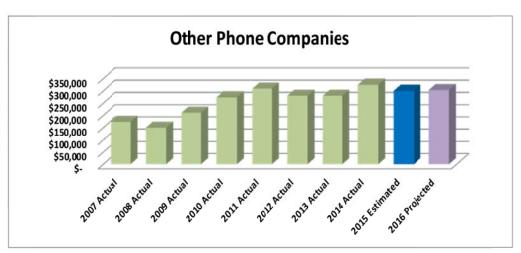

Estimated AT&T landline receipts for 2015 are \$447,075, which is down almost 1% from 2014. This is attributed to various factors such as the trend of users discontinuing landline service, switching to other carriers, or consolidating into their wireless service. For 2016, we are anticipating a break in this trend and have conservatively projected revenue to slightly increase by 1% to \$451,546. (Note: the increase in 2009 is due to a large settlement received from AT&T)

Revenue History:	
2007 Actual	\$ 758,881
2008 Actual	\$ 714,006
2009 Actual	\$ 1,974,071
2010 Actual	\$ 696,137
2011 Actual	\$ 614,143
2012 Actual	\$ 536,822
2013 Actual	\$ 488,638
2014 Actual	\$ 449,139
2015 Estimated	\$ 447,075
2016 Projected	\$ 451,546

Other phone carrier receipts are estimated to slightly decrease in 2015 from 2014. For 2016, we are expecting to resume to prior year's increasing trends. Projected revenues for 2016 are expected to increase slightly by 1% to \$303,344.

Revenue History:	
2007 Actual	\$ 173,894
2008 Actual	\$ 149,896
2009 Actual	\$ 210,955
2010 Actual	\$ 273,621
2011 Actual	\$ 309,289
2012 Actual	\$ 280,342
2013 Actual	\$ 280,412
2014 Actual	\$ 325,046
2015 Estimated	\$ 300,340
2016 Projected	\$ 303,344

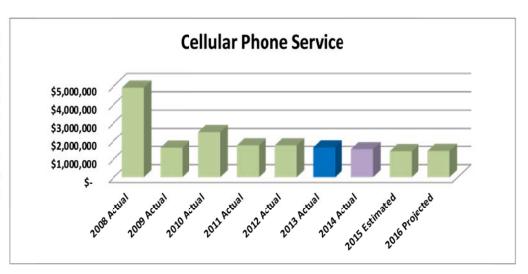

#### **Wireless Phone:**

Wireless providers have disputed the assessment of this tax for several years. Litigation has been ongoing, and settlement funds for prior years' disputed amounts have been received. The Projection for 2016 is based on average monthly amounts received during 2015, and excludes the settlements noted above.

It should also be noted that a portion of the utility tax receipts that relates to users within the various TIF districts are re-allocated to the TIF fund and are used toward the retirement of the various debt. For 2016, \$45,000 is projected for such re-allocation. In addition, the City's Utility Tax Refund Program reimburses utility taxes paid by eligible applicants, based on program guidelines. The program is projected at \$60,000 for 2016.

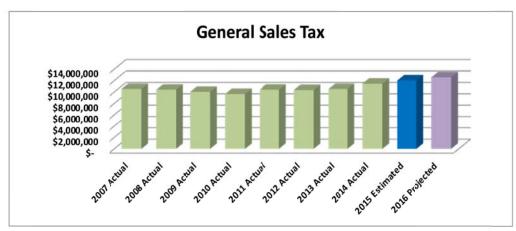

Revenue History:	
2008 Actual	\$ 4,907,195
2009 Actual	\$ 1,608,478
2010 Actual	\$ 2,485,586
2011 Actual	\$ 1,734,308
2012 Actual	\$ 1,732,677
2013 Actual	\$ 1,621,577
2014 Actual	\$ 1,526,785
2015 Estimated	\$ 1,419,495
2016 Projected	\$ 1,433,690

#### **Sales Tax:**

The City collects a 1% local sales tax. As in previous years, the 2016 Budget allocates 75% of this revenue to the General fund, and the remaining 25% to the Street Maintenance & Improvement fund. Sales tax revenue is currently running 5% above prior year collections. In 2016 we are projecting a 5% increase from 2015 estimated collections.

Revenue History:	
2007 Actual	\$10,560,331
2008 Actual	\$10,432,772
2009 Actual	\$10,044,194
2010 Actual	\$ 9,671,590
2011 Actual	\$10,428,256
2012 Actual	\$10,373,147
2013 Actual	\$10,554,540
2014 Actual	\$11,481,971
2015 Estimated	\$12,056,070
2016 Projected	\$12,583,524

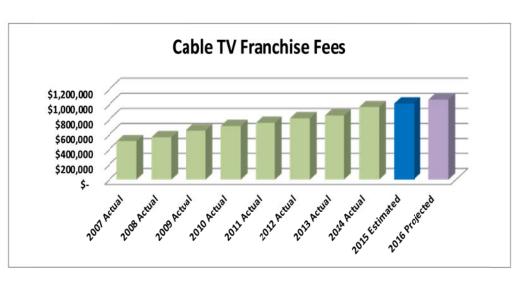

#### **Cigarette Tax:**

Over the last five years, receipts have declined slightly; however, more recently we have seen an increase in this revenue. For 2015, we are estimating receipts to be \$455,669. An increase of 1% has been projected for 2016.

#### **Cable TV Franchise Fees:**

Charter Communications and AT&T provide cable services to the residents of St. Charles. The franchise fee is 5% of gross revenues. The revenue is dependent on cable usage and rates. Franchise fees have grown steadily over the last five years. We are estimating \$1,012,795 for 2015 and projecting the same increase of 5% to \$1,063,434 for 2016.

<b>Revenue History:</b>	
2007 Actual	\$ 510,178
2008 Actual	\$ 564,502
2009 Actual	\$ 654,430
2010 Actual	\$ 713,718
2011 Actual	\$ 755,086
2012 Actual	\$ 816,565
2013 Actual	\$ 853,175
2014 Actual	\$ 964,566
2015 Estimated	\$ 1,012,795
2016 Projected	\$ 1,063,434

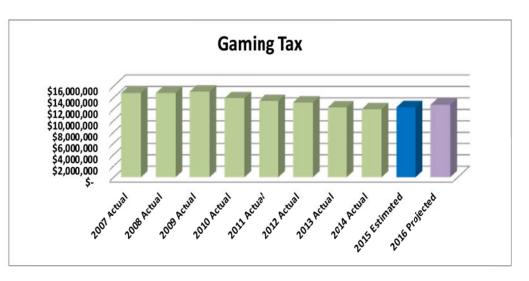

#### **Gaming Receipts:**

While gaming taxes are considered a general funding source, the City allocates these receipts to provide funding for a variety of specific needs in addition to the General Fund. The other areas include: Economic Redevelopment – To fund various development or redevelopment initiatives; Streets – to supplement existing funding for various street-related capital projects; Facilities – to supplement existing funding for various City facilities and special initiatives; Stormwater – to provide funding for stormwater projects that might otherwise require the implementation of some form of user-fee.

A decrease of 6% in total gaming revenue was realized for 2013 due to the I-70 Blanchette Bridge construction. We have been monitoring an upturn in 2015 estimated amounts and have budgeted 2016 revenues in response to this upturn. As part of the plan to reduce the General Fund's dependency on gaming revenue, a benchmark of \$8,433,500 has been established for the General Fund. The 2016 Budget maintains the established benchmark.

Revenue History:	
2007 Actual	\$14,799,814
2008 Actual	\$14,795,404
2009 Actual	\$15,043,530
2010 Actual	\$13,904,213
2011 Actual	\$13,417,478
2012 Actual	\$13,155,685
2013 Actual	\$12,310,262
2014 Actual	\$11,983,798
2015 Estimated	\$12,345,204
2016 Projected	\$12,751,250

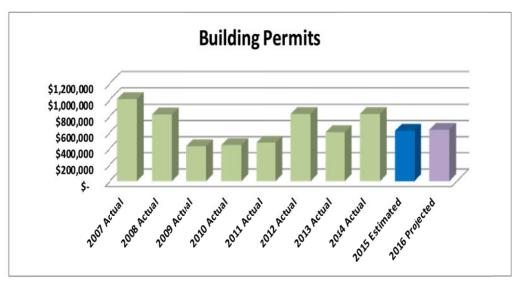

#### **Occupation Licenses:**

We estimate we will receive \$541,195 in 2015 which is down from 2014. Occupation licenses revenue for 2016 was projected based on active 2015 licenses and an estimate for new businesses at \$552,019. It is anticipated to remain consistent with 2015 receipts.

#### **Building Permits:**

Revenue included in this line item relates directly to the activity in building industry, (i.e., housing, electrical and plumbing permits). The future growth for this revenue source will be driven by development in the City's industrial parks and other major developments. Revenue in 2014 includes collection of a major portion of the permits related to the Streets of St. Charles project. The estimate for 2015 is \$623,712, as reverted back to traditional permit experience. We believe 2016 revenue will increase slightly by 2% to approximately \$636,187.

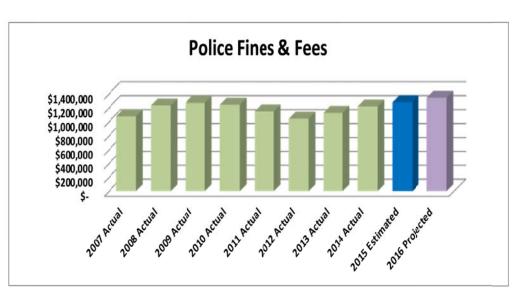

Revenue History:	
2007 Actual	\$ 1,008,894
2008 Actual	\$ 822,576
2009 Actual	\$ 427,508
2010 Actual	\$ 442,259
2011 Actual	\$ 473,818
2012 Actual	\$ 830,262
2013 Actual	\$ 605,030
2014 Actual	\$ 829,810
2015 Estimated	\$ 623,712
2016 Projected	\$ 636,187

#### **Police Fines and Fees:**

Receipts from this revenue source have been increasing over the past several years. We are estimating 2015 revenue at \$1,280,463 which is an increase from prior year collections. An increase of approximately 5% has been projected for 2016 due to the implementation of mobile ticketing and online payment options.

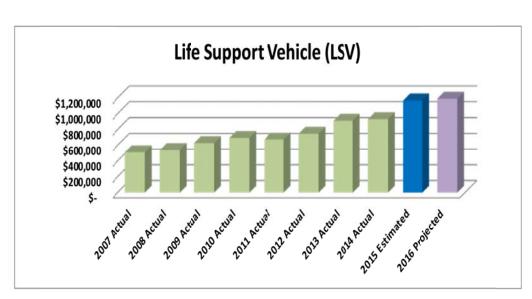

#### Revenue History: 2007 Actual \$ 1,078,631 2008 Actual \$ 1,231,750 2009 Actual \$ 1.268,205 2010 Actual \$ 1,244,220 2011 Actual \$ 1,148,757 2012 Actual \$ 1.044,205 2013 Actual \$ 1,128,081 2014 Actual \$ 1.217,832 2015 Estimated \$ 1.280,463 2016 Projected \$ 1,344,044

#### **Life Support Vehicle (LSV):**

Net Revenues of \$1,169,739 are estimated in 2015 and \$1,193,134 has been budgeted for 2016. These amounts have increased slightly from previous years as a result of increased collection efforts and a rate increase which went into effect in February 2012. (Uncollectible accounts totaling approximately \$500,000 were written off in 2012, making 2012 appear lower than actual.)

Revenue History:	
2007 Actual	\$ 512,308
2008 Actual	\$ 541,247
2009 Actual	\$ 630,239
2010 Actual	\$ 695,390
2011 Actual	\$ 676,210
2012 Actual	\$ 750,425
2013 Actual	\$ 914,542
2014 Actual	\$ 933,472
2015 Estimated	\$1,169,739
2016 Projected	\$1,193,134

#### **Rental Inspection Fee:**

Rental units are inspected upon changes in occupancy, for which fee revenue is generated. Actual turnover fluctuates from year to year and is not readily predictable. We have seen an increase in 2015 year-to-date receipts and are estimating 2015 at \$161,670. We are budgeting a small increase in 2016 to \$164,904.

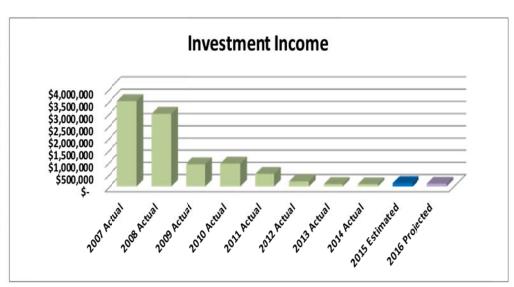

#### **Payments from Other Taxing Districts:**

Projection for 2016 reflects the amount expected to be received from school districts in accordance with the School Resource Officer (SRO) agreements, in the amount of \$196,037.

#### **Investment Income (All Sources):**

Interest rates have remained relatively unchanged. For 2015, interest income from all sources is estimated to be \$142,705. Interest income earned in 2014 was significantly lower due to earnings from recent instruments that had much lower yields from today's market. For 2016, based on the existing portfolio that contains a variety of instruments, investment and other interest income is projected at \$117,350.

\$ 3,502,563
\$ 2,984,980
\$ 911,662
\$ 937,917
\$ 517,704
\$ 213,078
\$ 100,791
\$ 96,577
\$ 142,705
\$ 117,350
\$ \$ \$ \$ \$

#### **Other Receipts:**

The City also receives revenue from a variety of other less significant taxes, licenses, permits, fines & fees, grave digging, rentals, administration fees, records & copies, asset forfeitures, and the like. Typical receipts for these sources are budgeted at approximately \$675,887 and in total do not tend to fluctuate much from year to year. Any unexpected significant windfalls are recognized via a budget amendment.

#### **Transfers In from Other Funds:**

Contributions from the Water and Sewer funds are intended to cover the General fund costs of administration and services of their accounts (billing, collecting, computer hardware and software, postage, payroll, financial control, legal, human resources, administrative oversight, etc.). Such contributions are scheduled to be \$305,407 each for both the Water and Sewer funds in 2016. A business analyst position is housed under the General Fund that is being utilized equally by the Water, Sewer and Street Maintenance funds. Each of these funds are scheduled to contribute \$33,905 to fund this position.

Contributions from Tourism funds are intended to cover the cost of half of two uniformed bike patrol officers and significant finance collections activity. The cost of this activity for 2016 will be \$160,265.

Prior years have recorded the CDBG reimbursement as grant revenue in the General fund. In 2016 and going forward we will record the grant revenue in the CDBG fund and record a transfer in to General fund for the administrative portion cost reimbursement. The 2016 amount will be \$76,875.

Interest earnings on the Cemetery Perpetual Care Fund are utilized to supplement the Cemetery operations included in the General Fund. Accumulated excess interest earnings will continue to be available for cemetery operations in 2016. The contribution for 2016 is projected at \$1,000.

# City of St. Charles, Missouri Capital Improvement Program Highlights

The Capital Improvement Program Budget for Calendar Years 2016-2021 details planned projects for the next six (6) years. The projects incorporated into the plan are expected to be funded with anticipated available resources.

The major highlights of the Plan include the following:

#### **Revenue Projections:**

#### Capital Improvements Sales Tax Fund

Over the plan's six (6) years we are projecting total receipts of \$34 million, which is an 8% increase from last year's plan. Sales tax revenue is currently running approximately 6% above prior year collections.

#### **Gaming Funds**

The Plan projects \$12.75 million in gaming revenue for 2016. For the first 6 months of 2015, gaming revenue is running within 3% of budget. A conservative 1% increase is assumed for each year in this plan. The breakdown between gross receipts tax and admission tax is as follows:

	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u> 2020</u>	<u>2021</u>
Gross Receipts	\$5,483,038	\$5,537,873	\$5,593,247	\$5,649,180	\$5,705,240	\$5,762,731
Admissions	7,268,212	7,340,902	7,414,303	7,488,445	7,562,760	7,638,969
Total:	12,751,250	\$12,878,775	\$13,007,550	\$13,137,625	\$13,268,000	\$13,401,700

#### Gaming funds have been allocated as follows:

	<b>2016</b>	<u> 2017</u>	<u>2018</u>	<u> 2019</u>	<u>2020</u>	<u>2021</u>	Total
General	\$8,433,500	\$8,433,500	\$8,433,500	\$8,433,500	\$8,433,500	\$8,433,500	\$50,601,000
Streets	2,197,103	2,550,775	2,496,550	2,944,125	3,249,500	3,863,200	17,301,253
Redevelopment	522,500	522,500	522,500	435,000	435,000	435,000	2,872,500
Facilities	195,000	175,000	225,000	220,000	170,000	170,000	1,155,000
Stormwater	1,403,147	1,197,000	1,330,000	1,105,000	980,000	500,000	6,515,147
Total:	\$12,751,250	\$12,878,775	\$13,007,550	\$13,137,625	\$13,268,000	\$13,401,700	\$78,444,900

#### Sewer Lateral, Parks, Tourism, Parking, Water & Sewer Funds

Revenues available for capital projects were based on planned project needs as detailed in this document.

#### Metro Parks Tax

Metro Parks tax is anticipated to generate \$180,000 annually.

#### **Planned Projects:**

#### **Police**

The plan incorporates \$3,362,605 for Police capital projects over the next six (6) years. Planned projects include ongoing replacement of police vehicles, vests, emergency equipment, radar equipment, taser weapons, body cameras and shotguns. Planned projects in 2016 include \$100,000 to relocate the horse barn, \$43,750 for replacement of duty weapons, \$32,000 to replace the gates to the secure parking area and \$25,000 for field force equipment. Projects funded in 2017 - 2021 include additional funding for replacement of duty weapons, two Animal Control vehicles, a prisoner transport van and a mobile command post vehicle.

#### **Fire**

The plan incorporates \$4,700,297 for Fire capital projects over the next six (6) years. Projects include an additional staff vehicle, a performance management system and communications equipment in 2016, \$350,000 for replacement of monitor defibrillators in 2017 and a fire records management system in 2018. Replacement of ambulances is funded in 2018 & 2021 and replacement of fire fighting ensembles is funded in 2020. Annual lease payments on fire apparatus continue to be included for a total of \$1,857,124 over all plan years. Plan also incorporates replacement of staff vehicles, rescue tools, fire hose, air compressors, and other projects.

#### **Building Maintenance**

The plan incorporates \$458,000 for Building Maintenance capital projects over the next six (6) years. Significant planned projects include necessary replacements at City Hall including the final phase of restroom remodel, and renovation of Council chambers. Additional projects funded are for Senior Center improvements, elevator lobby & stairwell heaters, vehicle replacements and custom recycle containers.

#### Community Development

The plan incorporates \$447,900 for Community Development capital projects over the next six (6) years. Significant planned projects include funding for continuation of façade improvement program and replacement of staff vehicles.

#### Information Technology

The plan incorporates \$2,559,942 for Information Technology capital projects over the next six (6) years. Significant planned projects include funding for ongoing replacement of IT infrastructure, PC's, laptops, printers, copiers & software. Server replacements are proposed in 2016, 2017, 2019 & 2020 and product licenses in 2020. Annual funding for network camera upgrades and next generation 911 is also included in the plan this year.

#### **Media**

The plan incorporates \$311,000 for Media capital projects over the next six (6) years. Significant planned projects include funding in 2016 for a shared file storage system, editing system replacements in 2017 & 2020, additional camera and equipment replacements in 2019 and replacement of a video server in 2021.

#### **Economic Development**

The plan incorporates \$3,652,500 for Economic Development capital projects over the next six (6) years. Plan includes annual funding for Arena, Foundry Art Center and Economic Development fund. Funding for the purchase of Bangert Island has been added in 2016 - 2018.

#### **Convention & Visitors Bureau**

The plan incorporates \$401,000 for Convention and Visitors Bureau capital projects over the next six (6) years. Funding for annual holiday lighting totals \$360,000 over all plan years, technology upgrades in 2016 & 2018 and replacements of the front door and trash bin enclosure are planned in 2016.

#### Street Projects

The plan incorporates \$36,553,420 for Street capital projects over the next six (6) years. Significant planned projects include funding for Boschertown Road Phase 2, Truman Road reconstruction, Elm/Sibley & Lindenwood culvert replacements, Droste Road and Elm Point Industrial Drive reconstruction projects West Clay East (Droste to Duchesne), Chateau Country Club street reconstruction & Muegge Road interchange. Ongoing maintenance items for asphalt, concrete, crack seal, alleys, sidewalks, sidewalk extensions, bridge/culvert maintenance, tree trimming and curb & gutter projects are included.

#### **Traffic Signalization**

The plan incorporates \$4,151,189 for Traffic Signalization capital projects over the next six (6) years. Significant planned projects include various maintenance items for painting crosswalks, curbs, striping, signal and street light maintenance as well as a city wide sign replacement program, streetlights on Friedens from South River Road to Highway 94 and traffic signals at Veteran's Memorial / Regency Parkway. Funding for a St. Charles bicycle pedestrian network has been added in 2016 & 2017.

#### Street Equipment

The plan incorporates \$2,859,000 for Street Equipment capital projects over the next six (6) years. The plan incorporates replacement of various street equipment including dump trucks, staff vehicles,

work trucks and heavy construction equipment. Street sweepers are proposed in 2018 & 2020 and SCAT busses are funded in 2016 & 2020.

#### Stormwater Projects

The plan incorporates \$6,515,147 for Stormwater capital projects over the next six (6) years. Significant planned projects include Barthel/North Main drainage improvements, culvert replacements at Elm/Sibley, Lindenwood & Bridal Spur, storm sewers at Meyer/ Treadway, Collier Place & Perry Street, MO Flood Gates in 2016 & 2018. Annual funding beginning in 2016 has been incorporated for a Field Engineered/Inter-divisional (FEID) program. The plan also incorporates annual funding for 2009 COPs debt service through 2017, funding for NPDES requirements and miscellaneous stormwater and creek bank stabilization projects.

#### Water

The plan incorporates \$14,400,581 for Water capital projects over the next six (6) years. Significant planned projects include system improvements at McDonough planned in 2020 & 2021 and I-70 at Fairgrounds Road waterline reconstruction project in 2016. Several projects to improve fire flow, strengthen the water system or water line replacements are included in this year's plan. Other projects include parking lot resurfacing, Lime Sludge Lagoon expansion, debt service for the 2010 COPs bond issue, replacement of various vehicles and routine maintenance projects.

#### Sanitary Sewer

The plan incorporates \$29,231,362 for Sanitary Sewer capital projects over the next six (6) years. Significant planned projects include funding for Boschert Creek lower basin trunk main, Missouri Basin trunk main remodeling, Mississippi plant energy & efficiency study and Sandfort Creek Lift Station equipment upgrades. Plan also incorporates debt service for 2010 COPs, manhole projects, equipment purchase and replacements as well as various sewer rehab and replacement projects.

#### **Parking Projects**

The plan incorporates \$50,000 for Parking Facilities capital projects over the next six (6) years. The only project planned is for a structural analysis of the City Hall parking structure in 2021.

#### **Parks**

The plan incorporates \$5,131,500 for Parks capital projects over the next six (6) years. Significant planned projects include funding for maintenance facilities improvements, athletic field lighting & renovations and playground replacement. Also included is funding for the replacement of computer equipment, various grounds maintenance and aquatic equipment, rehab of various Parks department parking lots and maintenance facility improvements.

#### **Cemetery**

The plan incorporates \$246,000 for Cemetery capital projects over the next six (6) years. Significant planned projects include replacement of a backhoe and a dump truck with snow plow in 2020 and a small pick-up in 2018. Other projects include monument refurbishing, replacement of utility and passenger carts and replacement of riding mowers.

## City of St. Charles, Missouri City Departments Overview

## Mayor

The Mayor is Chief Executive Officer of the City. She presides at City Council meetings and may vote on legislation to break a tie. The Mayor is elected at large for a four year term.

#### Did you know?

- The Mayor's office manages two charitable events annually which are the Mayor's Charity Ball and the Mayor's Charity Golf Tournament.
- The Mayor's office prepares proclamations and street closures.
- The Mayor's office manages several programs including the trash exemption program for qualified residents as well as the senior utility tax refund program.
- Mayor also appoints and reappoints members of our Boards & Commissions.

## City Council

The City Council is the governing body for the City and is responsible for the adoption of the budget, the passage of local ordinances, and the establishment of policy. Council Members are elected to serve three-year terms. There are currently ten City Council wards.

#### Did you know?

- Mary Ann Ohms is the current Council President and John Hanneke is the current Council Vice President.
- Regular meetings are held on the first and third Tuesday of the month at 7:00 p.m.
- Work sessions are held on the second Tuesday of the month at 7:00 p.m.

## **Administration**

The Director of Administration is the Chief Appointed Officer of the City, providing supervision of all City departments and helps to resolve issues by promoting communications among elected officials, citizens, and staff. The Director of Administration provides leadership to the organization in the implementation of Council policies and goals, as well as quality services to the community.

#### Did you know?

• Coordinated the City's Participation in the City of St. Charles School District Community-Based Vocational Education program for eligible students. Program was a

- success and will be repeated again this year. A promotional video was produced for the School District.
- Implementing Updates to the 2009 Community Strategic Plan with the assistance of the Strategic Planning Committee.
- Continued Progress towards the Bangert island/Missouri River Side Channel Chute Initiative with the Army Corps of Engineers.
- 5<sup>th</sup> Street Gateway Project oversight.
- Facilitated the Implementation of the City's Performance Evaluation Program for its Employees.
- Participated in the development of a training video to assist with City Contracts and Requests for Council Actions

## **Human Resources**

The Human Resources Department is responsible for all personnel functions including, but not limited to, assistance with recruitment and placement of all City employees. In addition, this department provides assistance and information to City employees regarding benefits administration, employee relations, development and training, compensation and all personnel policies and procedures.

#### Did you know?

- Will be conducting a comprehensive compensation classification study, to bring all positions to market.
- Introducing world renown trainer to organization for Leadership Group.
- Since January 2015 they have processed over 2,500 applications

## City Clerk

The City Clerk prepares agendas for City Council meetings, and maintains the official minutes of Council Proceedings. In addition, the City Clerk's office is the legal custodian of the permanent records for the City, which includes ordinances, resolutions and contracts. The City Clerk supervises the retention of permanent records and the disposal of non-permanent records. The City Clerk is the custodian of the official City Seal and the Code of Ordinances. The City Clerk abides by the Freedom of Information Act in compliance with the Sunshine Law and makes available information requested. The City Clerk's office files official notices for advertisement, Public Hearings, certifies official documents, prepares documents for candidate filing for City elections, registers voters, received referendum, recall, and initiative petitions from citizens and administers oaths of office for public officials.

#### Did you know?

• The City Clerk's Office will be implementing a Sunshine Law Policy by year-end

• The City Clerk participated as a member of the City Council Sub Committee, The Charter Review Committee

## **Legal**

The Legal Department represents the City in all legal matters in which it is a party, or is interested. The Legal Department advises the Council, Board, Commissions and Committees, the Mayor, Director of Administration, Department Directors and employees concerning legal matters affecting the City's interest, and performs such other legal services as may be requested by the Mayor or Council.

#### Did you know?

- On-going negotiations of labor agreements
- Assistance with 3 debt refundings, 2 new debt issuances, and 1 debt defeasance.

## Municipal Court

The Municipal Court adjudicates traffic and other ordinance violations primarily filed by the City of St. Charles Police Department, Park Rangers, Animal Control Officers and Code Enforcement Officers. The City's Municipal Court strives to treat the citizens who appear in a timely, courteous and efficient manner and assure them of a fair and impartial disposition of their case(s).

#### Did you know?

- The purchase of updated court software is currently under way. Implementation should be complete by spring 2016. The current software has not been updated since its implementation in 2000. It frequently freezes or crashes resulting in lost or changed data and work hours lost recovering information or waiting for the system to restore its self.
- The court has updated several areas of operation in the last 9 months, including:
  - Implementation of a secure, web based attorney entry system allowing much more
    efficient handling of cases where a defendant's attorney can request documents
    without the necessity of an appearance.
  - o Implementation of automated receipts, thus eliminating the need of manual disposition entry.
  - o Implementation of a secure web based payment system that allows payments to be made in person, by phone or on the web using credit or debit cards.
- We are currently implementing numerous changes brought about by Senate Bill 5 and will continue to keep current on any other changes required by law.

## Finance

The Finance Department strives to ensure that the City of St. Charles is fiscally responsible and fair in management and safeguarding of City assets. The Finance Department develops and maintains processes, systems, policies, and internal controls that ensure legal compliance and fiscal stability.

#### Did you know?

- Received an unmodified or "clean" opinion for the 2014 Financial Statements.
- Received the GFOA's Distinguished Budget Presentation Award for the 2015 Annual Budget Document.
- Implemented a voluntary donation program through the billing department.
- Assisted public works with a water/sewer rate study.

## **Community Development**

The Community Development Department provides a wide range of services to existing businesses as well as potential businesses seeking to move into the City District. The responsibilities include planning and zoning, GIS, inspections and permits, and administering the Community Development Block Grant.

#### Did you know?

- CD has again received a clean bill of health for the City's CDBG Program from the HUD regional office in St. Louis
- CD has adopted the 2015 ICC Building code series and is the first in the St Louis region to adopt these 2015 codes
- CD has received certification from the State of Missouri DNR for the new "Midtown Neighbourhood Historic District"

## **Economic Development**

The Economic Development Department is city's primary conduit in developing relationships with businesses seeking to locate, retain or expand their operation in the City of St. Charles. The department's primary focus is the retention and expansion of existing industries while enhancing the city's economic base through new business investment and economic growth. The Economic Development Department maintains a close working relationship with the local business community, commercial and industrial brokers along with state and local development organizations

#### Did you know?

• "Grow St. Charles" was recognized as "Best Economic Development Website" by the International Economic Development Council

- The Department conducted over 500 retention visits in 2014 and over 700 visits in 2015.
- Over the past four years the department has assisted in projects that resulted in over \$46 million of investment and impacted over 2,700 jobs in the city

## **Tourism**

The Greater Saint Charles Convention & Visitors Bureau promotes Saint Charles as a destination for conventions, sporting events, leisure travel, and day-trips to insure the city remains a premier destination for visitors; leading to increased economic vitality for our community. The Tourism department is responsible for assisting visitors and community members with questions, itineraries, and other information needs.

#### Did you know?

- The Tourism department directly produces two annual events in St. Charles: Christmas Traditions and Saint Charles Riverfest (the City's Fourth of July Festival). Both events draw nearly 200,000 visitors to Saint Charles annually.
- Tourism also sponsors, supports, and/or helps organize dozens of additional events that happen throughout the year.
- Tourism designs, produces, and disseminates an annual Visitor Guide, bi-annual Shopping Maps for Main Street, an annual Wedding Guide, the Yuletide Times (Christmas Traditions Guide) and various other publications that promote St. Charles; the City, County, and our events.
- Tourism works with an active Tourism Ambassador group of approximately 50 volunteers that assist visitors in the Visitor Center, promote the region during our special events, work with special event planners and our sales team during conventions, and provide assistance for various department projects.

## <u>Information Technology</u>

The Information Technology Department provides technical support and problem solving methods to all city personnel. The Information Technology Department determines the organization's technical goals and implements methods for meeting these goals to all departments within the City government.

#### Did you know?

- Completed over 1,000 work orders since January 1, 2015.
- Supports over 450 computers and 540 users throughout the organization.
- Provides comprehensive technical support to all city departments.
- Is currently implementing and deploying a new phone system that will be managed by the Information Technology Department.
- Provides high speed fiber data connections to many locations, and high speed data storage for increased productivity, efficiency, and system performance.

### Media

The Media Department is responsible for all PR and Communications for St. Charles, which includes constituency publications, external media relations, social media and public education. The group also operates the City's 24-hour local government cable access channel, producing programs of local interest, and televising City meetings, including City Council, Boards, Commissions and Committees.

#### Did you know?

- Residents receive a printed newsletter *City News* which is distributed to more than 26,000 households three times annually, with the *City eNews* distributed electronically on a weekly basis to more than 2,000 email subscribers.
- Discover St. Charles on YouTube averages over 2,000 views per month with over 60,995 lifetime video views.
- In addition to YouTube, Media staff members manage the following social media platforms on behalf of the City Twitter (@StCharlesCity), Facebook (St. Charles City), and LinkedIn (City of St. Charles, MO).
- The City's Media Channel celebrated its 35<sup>th</sup> anniversary in 2015 with St. Charles cable access operations starting in 1980 (video streaming online currently tops out at 9,673 views).
- In 2015, the Media team installed a new 24/7/365 file server, and currently is in the process of installing a new switcher, resulting in significant CIP costs savings on both purchases.

## **Police**

Reduce crime and the fear of crime in our neighborhoods and our schools by partnering with our citizens to reduce criminal activity and issues relating to quality of life. Continue to develop citizen and business partnerships. Improve internal relations & develop our staff to be their best. We will hire the finest people, provide the very best in equipment & training, and empower them to achieve excellence.

#### Did you know?

- Construction of security gates for the Zumbehl and Graystone Employee entrances
- Replacement begins for some of the outdated security cameras throughout our facility
- New enhanced 911 System
- Begin a new property maintenance program for our facility
- Addition of a new Dispatch position and a part time animal control officer position

## Fire

The City of St. Charles Fire Department provides 24-hour professional-level emergency services to our citizens, businesses and visitors. These services go well beyond fire protection and emergency medical services, to include a wide-array of special operations and community health initiatives. We work tirelessly to preserve life, protect property and meet the humanitarian needs of our community.

#### Did you know?

- Fire department units responded to over 8,300 calls for service in 2014
- Our cardiac arrest survival rate is well above national average
- We provide the highest level of fire-based pre-hospital medical care in the County
- Our firefighters are cross trained as paramedics with many additionally cross trained in special operations and administrative functions
- We have an aggressive 3-year strategic plan to make us the best in class

## **Public Works**

The Public Works Department plans, constructs and maintains public infrastructure and Cityowned utilities and utility lines. These include storm sewers, sanitary sewers, traffic lights, and water mains.

#### Did you know?

- New Public Works Facility opened in November 2015
- Construction of the Fifth Street Gateway Project to be completed June 2016
- Construction of the new Highway 94 Elevated Water Tower to be completed August 2017
- Highway 94 Corridor Traffic Study is underway
- Stormwater task force is developed and meeting.

### Cemetery

The Cemetery Department is responsible for operating and maintaining the Oak Grove Cemetery. The 28 acre cemetery consists of nearly 12,000 burials including over 600 Veterans some dating back to the Revolutionary War.

## Parks and Recreation

The Parks and Recreation Department maintains and operates the 23 City parks. The Parks also implement sports fitness, leagues, and other recreational programs as well as offering many different types of facilities available for rent.

#### Did you know?

- City Parks 3 Aquatic Facilities hold more than 810,200 gallons of water and serve over 100,000 attendees annually
- Currently planning and reviewing the 23 year old aquatic facilities for future renovations and enhancements in order to continue to provide the quality recreational opportunities the residents have come to expect

## City of St. Charles, Missouri Strategic Plan

The City's Strategic Plan is a policy document that provides guidance for helping in determining the allocation of resources in anticipation and response to the everchanging public service needs of the residents of the City of St. Charles. The broad area is listed with goals for implementation.

#### Arts and Culture

Develop a Cultural Heritage District encompassing various geographical locations.

#### City Services

Improve sewer and water quality and distribution systems.
Improve and maintain the City streets.
Improve City fire, rescue, EMS, and police.
Enhance communications with residents on public projects.
Encourage City-wide beautification projects.
Improve vehicle mobility and traffic conditions.
To provide an efficient transit system.

#### **Economic Development**

Promote economic development and business prosperity.

#### Education

Improve communication with schools. Support for the school systems.

#### **Environmental Sustainability**

Significantly reduce the amount of solid waste. Reduce global warming emissions and enhance air quality.

Protect land.

Protect water.

Increase energy efficiency and encourage the use of sustainable energy technology. Establish a Citizens Oversight Committee.

#### Housing

Develop a first time home buyer program.

Provide tax incentives for home buyers.

Provide tax incentives for developers to build affordable housing and senior living facilities. Ensure that current and prospective residents are aware of housing programs.

Promote beautification to attract potential residents.

Develop "Green" incentives.

Ensure long term stability of housing and local businesses.

## Strategic Plan - continued

#### <u>Infrastructure</u>

Maintain and Enhance public infrastructure.

Develop new public infrastructure.

#### Recreation and Leisure

Encourage Parks Board to acquire additional land for park expansion.

Improve Riverfront property.

Increase and connect park trails.

#### Riverfront

Increase riverfront accessibility.

Protect and preserve the natural environment.

Improve the appearance and aesthetics.

Encourage a variety of land uses.

#### **Transportation**

Increase availability and options in and out of the City.

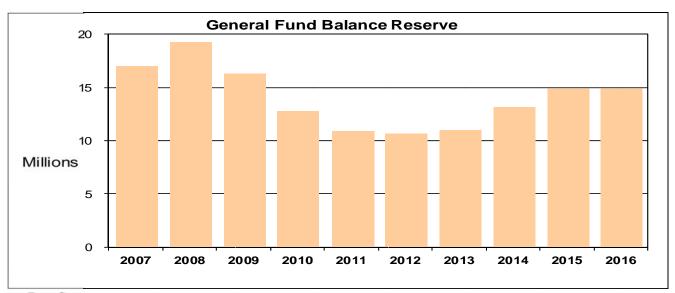

#### **Fund Reserve Level**

The City's Fund Balance Policy, adopted on April 17, 2012, is to maintain a reserve level of a minimum of 20% of general fund expenditures including all operating transfers out. This is considered a prudent reserve level for meeting unanticipated expenditure requirements, a major revenue shortfall, or an emergency. The ending excess estimated fund balance for 2016 exceeds this goal at 94% or \$7,387,868.

expires on December 31, 2017, the Police agreements expire on January 30, 2016, laborers agreement expires on December 31, 2017 and the service officers, communications & records employees expires on December 31, 2016. Each contract is in effect for three years.

General City employees are paid from grade/step tables approved by City Council and adopted by ordinance.

**Pay Structure** 

The City's pay structures are adopted either by ordinance or through collective bargaining agreements (CBA's). Sworn police officers & sergeants, firefighters, Local 148 laborers, and police services officers, communications & records employees are paid under four separate CBA's. The current Fire union agreement

Each budget year, these rates are evaluated to determine if a cost of living adjustment (COLA) is to be included in that year's salary budget. In the 2016 budget, a 1% COLA is included for non-represented employees and annual step increases as determined by the current grade/step tables are assumed.

#### **Capital Improvement Plan (CIP)**

Each year, the first step in the annual budget process is to prepare a 6-year capital improvement plan. This plan is submitted by the Mayor to City Council by July 1<sup>st</sup> of each year for review and approval. Once adopted, the approved capital improvement costs are incorporated into the annual operating budget, submitted by the Mayor to City Council by October 1<sup>st</sup> of each year.

The City's CIP policy defines a capital improvement as follows:

- All projects requiring borrowing
- All land purchases
- All land improvements valued in excess of \$5,000
- New construction & buildings in excess of \$5,000
- Major equipment & vehicles valued in excess of \$5,000
- Major equipment required to furnish new buildings & other projects
- Building improvements that substantially enhance the value of the structure.

New or replacement equipment of a minor nature not associated with a major construction project and minor alterations or refurbishing existing buildings and facilities will be budgeted in the annual operating budget as a capital outlay. Expenditures under \$5,000 should not be included in the CIP plan, in accordance with the Capital Asset Policy adopted July 16, 2013.

#### **Revenue Policy**

The City is committed to reducing its reliance on gaming revenues, using them for non-recurring expenditures to the greatest extent possible. The primary allocation of anticipated gaming revenues is prioritized toward streets, facilities, redevelopment and storm water projects.

Property tax rates are evaluated annually to determine if any adjustments are necessary to maintain quality services to the residents of the City and are kept at the lowest rate possible to meet those needs.

The City collects a 1.0% local sales tax. This revenue is allocated between the general fund (75%) and the street maintenance fund (25%).

The City considers market rates and charges levied by other public and private organizations for similar services in establishing rates, fees, and charges. The City attempts to establish user charges and fees at a level related to the cost of providing the service.

#### **Balanced Budget Defined**

In accordance with Missouri Statutes, a balanced budget for the City is defined as available fund reserves plus estimated revenues equal or greater than estimated appropriations.

#### **Cash and Investment Policy**

It is the policy of the City of St. Charles, Missouri to invest public funds in a manner which will provide maximum security of capital with the highest return on investment while meeting daily cash flow demands of the City and conforming to all Missouri statutes governing the investment of public funds.

#### **Cash and Investment Policy (continued)**

The City has a formal cash and investment policy on file that stipulates the objectives, delegation of authority, standards of care, ethics and conflicts of interest, qualified institutions, internal controls, permissible investments, collateralization, safekeeping and custody, diversification, maximum maturities, performance standards, and reporting requirements.

#### **Debt Management**

Bonded indebtedness is limited by Sections 95.115 and 95.120 of the Missouri Revised Statutes (1986) to 10% of the assessed value of taxable tangible property. Based on the 2014 assessed valuation of \$1,247,297,859, the City's legal debt limit is \$124,729,786.

The City has \$57.32 million in general obligation bonds.

The City has a legal debt margin of \$66,329,857.

The City reviews each potential issue of debt either in house or through an independent financial advisor on a case-by-case basis.

The City confines long-term borrowing to capital improvements or projects that cannot be financed from current revenues, and where the issuance of long-term debt is required, it pays back the bonds within a period not to exceed the expected useful life of the project.

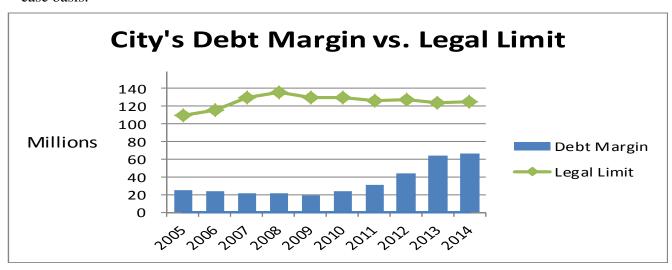

The City attempts to keep the average maturity of general obligation bonds at or below 20 years which approximates the useful life of assets built with debt proceeds.

When practical, the City uses special assessments, revenues, tax increment or other self-supporting bonds.

The City does not incur long-term debt to support current operations.

The City maintains a sound relationship with all bond-rating agencies and keeps them informed about current capital projects.

Debt service schedules are shown in detail within the Debt Service Section of this document.

## City of St. Charles, Missouri Budget Process

The City follows the procedures outlined below in establishing the budgetary data reflected in the basic financial statements. The City uses budgetary basis of accounting to comply with GAAP.

On or before October 1, the Mayor submits to the City Council a proposed operating budget for the general, special revenue, debt service and capital projects funds for the year commencing the following January 1. The City Council also adopts, as a management control device only, a budget for all remaining funds.

The City Council publishes a public notice on the availability of copies of the budget. Not less than two weeks after such notice, a public hearing is conducted by the City Council giving the taxpayers the opportunity to be heard on the proposed budget.

The annual operating budgets are then adopted by the City Council by the affirmative vote of a majority of the members of the City Council and approval by the Mayor on or before the last day preceding the budget year. If the budgets have not been passed and approved by this time, then the budgets and appropriations for the current year shall be deemed to be appropriations for the current year shall be deemed to be re-budgeted and re-appropriated for the budget year until a new budget is adopted and approved.

Upon the request of the City's department heads, the Mayor may transfer part, or all, of any unencumbered appropriated balance among programs within a department, office or agency. Intra-departmental transfers aggregating \$10,000 or more must be approved by City Council. Expenditures may not legally exceed appropriations at the department level in the general fund or at the fund level for all other fund types as they are not departmentalized.

If it is determined by the Mayor that there are revenues in excess of those estimated in the budget that are available for appropriation, the City Council may, by ordinance, make supplemental appropriations for the year up to the amount of such excess.

If it appears probable that revenues available will be insufficient to meet the amount appropriated, the City Council may, by ordinance, reduce one or more appropriations.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget.

## City of St. Charles, Missouri Budget Calendar

May Distribution of budget instructions/calendar

June Departmental estimate/budget request compilation

June Revisions to existing staffing submitted to Finance for consideration

### SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues (other than expendable trusts and major capital projects) that are legally limited in their payment (or earmarked) of expenditures for a particular purpose. The City currently has the following Special Revenue funds reported using the modified accrual basis of accounting:

Street Maintenance & Improvement Water Service Line Program

Community Development Metropolitan Park Tax

Tax Increment Financing Special Business District

Convention Center Operations Park

Sewer Lateral Insurance Tourism

<sup>\*-</sup>Major Fund

### Street Maintenance & Improvement Fund

Statement of Budgeted	2014	2015	2016
Revenues and Expenditures	ACTUAL	ESTIMATED	BUDGET
FUND BALANCE, JANUARY 1	3,121,147	3,182,474	3,748,999
REVENUES:			
Sales Tax	2,870,493	3,014,018	3,089,369
County Road and Bridge Tax	1,232,372	1,386,638	1,421,304
Gasoline and Motor Fuel Tax	2,492,172	2,616,781	2,747,620
Licenses & Permits	71,497	101,680	71,000
Grants	-	9,209	-
Other Revenues	379,237	208,200	180,000
TOTAL REVENUE	7,045,772	7,336,526	7,509,293

New Town at St. Charles is a planned mixed-use development encompassing 638 acres. It is designed to include five compact, walk-able and mixed-use neighborhoods surrounding a series of lakes. Four neighborhoods surround a dense, island-like town center entirely surrounded by water. It is expected to include 4,300 residences, including single family attached and detached housing, cottages, townhomes, senior housing, and apartments. Mixed-use buildings, shops, and offices surround the town center. A system of sidewalks, pedestrian paths, pocket parks, and trails connect the neighborhoods and are planned to connect to adjacent regional park system. Construction began in Spring 2004 and is expected to be fully developed by end of 2016.

New Town Gateway Bonds are being issued to finance local public improvements including existing lake grading, edge wall, and iron bollards. These improvements will also include sanitary and storm sewers, a lift station and a water force main. The installation of sidewalks and trails will accompany the construction of streets with signage and lighting. The project will complete with landscaping and street tree plantings.

This page intentionally left blank.

#### **ENTERPRISE FUNDS**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has established the following enterprise funds reported using the accrual basis of accounting:

Waterworks\* **Sanitary Sewer\*** 

<sup>\*-</sup>Major Fund

#### INTERNAL SERVICE FUNDS

Internal Service funds are used to account for services provided to other City departments on a "user-charge" basis. The City currently has three internal service funds utilized to account for all of its risk-financing activities. Inter-fund premiums are treated as quasi-external transactions as if they were external insurance premiums. Claims for general liability, worker's compensation, and health benefits are paid from these funds. Insurance premiums for excess property, auto, boiler & machinery, fidelity bonds, and worker's compensation are also paid from these funds. The City has the following Internal Service Funds reported using the accrual basis of accounting:

<sup>\*-</sup>Major Fund

# General Liability and Workers' Compensation Fund

City of St. Charles, Missouri 2016 Annual Budget

Statement of Budgeted	2014	2015	2016

Claims and administrative fees for retiree health insurance are accounted for in this fund. Inter-fund premiums are treated as quasi-external transactions as if they were external insurance premiums.

# NON-EXPENDABLE TRUST FUNDS

Non-expendable Trust funds are used to account for resources held in trust for a specific purpose where the City is permitted to spend only the investment earnings on the assets held in trust, not the assets themselves (which remain "non-expendable"). The City currently has the following non-expendable trust funds reported using the modified accrual basis of accounting:

<sup>\*-</sup>Major Fund

# Cemetery Perpetual Care Fund

Statement of Budgeted	2014	2015	2016
Revenues and Expenditures	ACTUAL	ESTIMATED	BUDGET
FUND BALANCE, JANUARY 1	509,204	526,542	549,964

# City of St. Charles, Missouri Glossary and Frequently Used Terms

<u>Account Number</u> - A numerical code identifying revenues and expenditures by fund, department, activity, type and object.

<u>Accrual Basis</u> - The recording of the financial effects on a government of transactions and other events and circumstances that have cash consequences for the government in the periods in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

**Ad Valorem Tax** - A tax based on value.

**Agency Fund** - A fund normally used to account for assets held by a government as an agent for individuals, private organizations or other governments and/or other funds.

<u>Amended Budget</u> - Refers to the budget approved by the City Council, as most recently amended.

<u>Annual Budget</u> - A budget applicable to a single fiscal year. See **Budget** and **Operating Budget**.

<u>Appropriation</u> - An authorization granted by the City Council to make expenditures and to incur obligations for purposes specified in the Budget.

<u>Assessed Valuation</u> - A value set on real estate or other property as a basis for levying taxes. The assessed valuation is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

<u>Asset</u> - A comprehensive plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

<u>Basis of Accounting</u> - A term used to refer to when revenues, expenditures, expenses, and transfers and the related assets and liabilities are recognized in the accounts and reported in the financial statements.

**<u>Beginning Fund Balance</u>** - Fund balance available in a fund from the end of the prior year, for use in the following year.

**<u>Bond</u>** - A written promise to pay a specified sum of money at a specified date in the future together with periodic interest at a specified rate.

**Bonded Debt** - The portion of indebtedness represented by outstanding bonds.

**<u>Budget</u>** - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

<u>Budget Calendar</u> - The schedule for completion of the various phases in the preparation of the budget, the calendar begins with the preparation of the budget forms and ends with the implementation of the budget.

**<u>Budget Document</u>** - The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating government body.

<u>Budget Message</u> - The opening section of the budget which provides City Council and the public with a general summary of the most important aspects of the budget, changes from previous years, and the recommendation of the City Administrator.

**Budgetary Control** - The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and revenues.

**<u>Build America Bonds</u>** – Taxable municipal bonds that carry federal subsidies for the issuer.

<u>Capital</u> - An expenditure for a good that has an expected life of more than one (1) year and the cost of which is in excess of \$5,000. Capital items include real property, office equipment, furnishings, and vehicles.

<u>Capital Improvement Program</u> - A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditures in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

<u>CDBG</u> - Community Development Block Grant; a flexible program that provides communities with resources to address a wide range of unique community development needs.

<u>Certificates of Participation (COPS)</u> - Securities which represent a share of an issuer's lease payment. When a municipality finances a public facility through a lease-purchase transaction, the interest in that government's lease payment often is assigned to a third party that issues Certificates of Participation. The Certificates represent a share of the lease payment received by the investor.

<u>Contingency</u> - An appropriation of funds to cover unforeseen events that occur during the Fiscal Year, such as flood emergencies, extraordinary snowstorms, etc. (also used to meet revenue shortfalls). Funds are transferred to other budgetary accounts as authorized by the City Council.

<u>Contractual Service</u> - An expenditure for services performed by a non-employee. For example: Legal services, Utilities, insurance.

**COPS** – See Certificates of Participation.

**Debt Limit** - The maximum amount of outstanding gross or net debt legally permitted.

<u>Deferred Revenue</u> - Amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, amounts that are measurable but not available are one example of deferred revenue.

<u>Department</u> - The Department is the primary unit in city operations. Each unit is managed by a Department Head. Departments are generally composed of divisions and programs which share a common purpose or which perform similar duties.

**Encumbrance** - Commitments related to unperformed contracts for goods or services.

**Expenditure** - An expenditure is a decrease in net financial resources. This includes current operating expenses requiring the present or future use of current assets.

<u>Fiscal Year</u> - The twelve month period on which the city operates its financial affairs. The City of St. Charles' fiscal year is January 1 through December 31.

<u>Fringe Benefits</u> - Fringe benefits include the City's contribution to Social Security, Medicare, workers compensation, health insurance, life insurance, disability insurance, and the City's pension plan.

<u>Fund</u> - A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

<u>Fund Balance</u> - The equity of a fund. Oftentimes incorrectly referred to as "surplus." Each fund begins each year with a positive or negative fund balance.

**GAAP** - See Generally Accepted Accounting Principles.

**GASB** – see Governmental Accounting Standards Board.

<u>General Fund</u> - A fund used to account for all financial resources, except those required to be accounted for in another fund. The operating fund of the City.

<u>General Obligation Bonds</u> - Debt backed by the full faith and credit of a jurisdiction. General obligation bonds are payable from ad valorem property taxes and other general revenues.

Generally Accepted Accounting Principles (GAAP) - Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

**GFOA** - Government Finance Officers Association of the United States and Canada; An association to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and practices and promoting them through education, training, and leadership.

**GO Bonds** – see General Obligation bonds.

<u>Governmental Accounting Standards Board (GASB)</u> - A board that establishes and improves standards of state and local governmental accounting and financial reporting that will result in useful information for users of financial reports and guides and educates the public, including issuers, auditors, and users of those financial reports--setting body for government entities.

<u>Governmental Fund Type</u> - Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities except those accounted for in proprietary funds and fiduciary funds.

<u>Intergovernmental Revenues</u> - Revenues from other governments, primarily Federal, State and County grants, but also includes payments from other taxing jurisdictions.

<u>Investments</u> - Most commonly, securities held for the production of revenues in the form of interest. The term does not include fixed assets used in government operations.

<u>Levy</u> - The total amount of taxes, special assessments or service charges imposed by a government.

<u>Modified Accrual Basis</u> - The basis of accounting adapted to the governmental fund type. This basis measures resources available to the City.

<u>Municipal</u> - In its broadest sense, an adjective denoting the state and all subordinate units of government. In a more restricted sense, an adjective denoting a city or village as opposed to other local governments.

<u>Operating Budget</u> - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled.

<u>Operating Expenses/Expenditures</u> - The annual budget which provides a financial plan for the operation of government and the provision of services for the year. Excluded from the operating expenses are capital equipment and capital projects which are determined by a separate but interrelated process.

**Ordinance** - A formal legislative enactment by the governing board of a municipality.

<u>Other Financing Sources</u> - Governmental fund general long-term debt proceeds, amounts equal to the present value of minimum lease payments arising from capital leases, proceeds from the sale of general fixed assets.

Per Capita - By or for each person.

<u>Personnel Services</u> - All costs associated with employee compensation. For example: salaries, pension, health insurance.

**P.O.S.T.** - Police Officer Standards and Training; An academy that provides citizens with ethical, physically and psychologically competent, well educated, professionally trained, career oriented, motivated peace officers who are sensitive to the needs of the public.

**Proposed Budget** - The recommended City budget submitted by the Mayor to the City Council.

**Refunding** - Refund or refinance of debt for a variety of reasons, most frequently to take advantage of more favorable interest rates. In other cases, debt is refinanced to change the structure of debt service payments or to escape unfavorable bond covenants.

Advance Refunding - Refunding by taking proceeds of new debt and placing them in an escrow account that is subsequently used: to meet periodic principal and interest payments until call date or maturity; to pay the call premium (if redemption is at call date); and to redeem debt at call date or maturity.

Current Refunding - Refunding by paying off bondholders directly with proceeds of refunding debt. The situation may occur when refinancing takes place after the call date or at the debt's maturity.

**Reporting Entity** - The oversight unit and all of its component units, if any, that are combined in the comprehensive annual financial report and general purpose financial statements.

**Resolution** - An informal establishment of policy by the governing board of a municipality.

**Revenue** - An increase in fund balance caused by an inflow of assets, usually cash.

**Special Revenue Fund** - A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specific purposes. GAAP only require the use of special revenue funds when legally mandated.

**Statute** - A written law enacted by a duly organized and constituted legislative body.

<u>Tax Increment Financing (TIF)</u> - Financing secured by the anticipated incremental increase in tax revenues, resulting from the redevelopment of an area.

<u>Taxes</u> - Compulsory charges levied by a government to finance services performed for the common benefit.

<u>TIF</u> - Tax Increment Financing; a tool which has been used for redevelopment and community improvement projects.

<u>Transfer</u> - A transfer is a movement of monies from one fund, activity, department, or account to another. This includes budgetary funds and/or movement of assets.

<u>User Charge</u> - The payment of a fee for direct receipt of a public service by the party benefiting from the service.
